The first thing any speaker must figure out is, "Who am I talking to?" and slant the presentation toward that particular group...

ATTENTION SPAN TIMELINE

Half-life of Styrofoam ← → **Nanoseconds**

Only 74 hours to a checkmate. What a Rush!

Avid chess players

A 4-letter word for...

People who are good at cross-word puzzles

Literate rock stars who support environmental groups

What was that play again?

Professional athletes

A group of small, hyperactive children

News reporters

Are we done yet?

Naval aviation's finest

A famous writer once said, "He who dominates the podium captures all." Enjoy the power as the listeners bathe in your knowledge...

Isn't that accumulator pressure supposed to be 3000 PSI?

That's enough out of you, wise guy!

OPS O, SORRY ABOUT THE COFFEE RING

FIVE BULLETS

- Came to work on time the bulk of the grading period
- Stayed most of the work day the balance of the grading period
- Did that lecture that one time
- Didn't crash my jets during the grading period

V/R, Dangerboy

And don't forget, a lecture always looks good on your permanent record!
