

BROWNSHOES IN ACTION COMIX

"The kind real aviators like"

By LCdr. Ward Carroll, VF-101

One day at an AOM...

Any other pop-ups?

Yeah...
I was gonna give Wheezer a chance to come clean here, but apparently he isn't going to. Yesterday he would've landed gear-up if I hadn't said something to him about it as he was on short final!

Well, that's only because I was still in shock after coming into the break transonic on your wing! Isn't that right, Boogie Boy?

I dunno. I was confused the entire hop because of Squeegee's cruddy brief...

Oh yeah?!

The flow of safety-related information certainly seems to increase during a period of downsizing, doesn't it, XO?
