

Naval Safety Center
375 A Street
Norfolk, VA 23511-4399

A person wearing a flight suit and helmet is crouching on a dark, textured surface, likely a runway or airfield. A large, curved red and white striped arc, representing a propeller's path, is visible in the background. The person is looking down, and the overall scene is dimly lit, emphasizing the danger of the environment.

If you

NEVER

walk through a prop arc, you'll

NEVER

be hit by a prop.
