REDUCING MISHAPS BY 50%

## Need material for your safety stand-down?

The Safety Center website is a great place to find material that will help get the right information to your shipmates. Commands are encouraged to dedicate their next safety stand-down to the mishap-reduction effort. Visit our website at [www.safetycenter.navy.mil](http://www.safetycenter.navy.mil)

● **Presentations:** Safety briefs on a multitude of topics, including HFACS, ORM, CRM, groundcrew coordination, and how to fill out an SIR package. Find material ready to use or update to fit your standdown needs.

● **Aviation safety web:** This section of our site has information on all types of topics: aeromedical, operations, maintenance, you name it.

● **Approach and Mech magazines:** Past issues are online, along with tons of bonus material that only can be found on our website. Unpublished articles, photo galleries, videos, posters, and more are available for download.

● **Ultimate Guide to Aviation Safety:** An interactive CD-ROM you can request from us that truly lives up to its name. Find it at [www.safetycenter.navy.mil/aviation](http://www.safetycenter.navy.mil/aviation)
